frequently asked questions

How do I secure a date for my outing?

All events are subject to availability from our Head Professional and our Function Manager. Dates are secured when a \$500.00 deposit has been made, and when a contract has been signed by the Host, Head Golf Professional and Function Manager. Deposit is due within ten (10) business days upon receipt of contract. 100% is applied to the final bill, which is due in full upon receipt of the bill for all charges from Mangrove Sands G.C.

What is the best tournament format for events at Mangrove Sands G.C.

We recommend all golf events play a "scramble" format. We find this format allows players of all levels to enjoy themselves while maintaining an acceptable pace-of-play on the course.

What is a scramble tournament?

1. All players will hit a tee shot.
2. The team then selects the best location from which to proceed.
3. All players play their next shot from a selected location.
4. Continue this process until the ball is holed.

What about special contest holes?

We are happy to set-up special on-course competitions for your event. Contests include: Long drive, closest-to-the-Pin, Hole-In-One and putting contest.

What should players do upon completing their round?

Players should turn their scorecards in at the scoring area immediately upon completion of their round. Most outings include an awards reception, so players normally proceed to the function room after play.

How long should I plan for my round?

We all know that golf should take no longer than 4 hours. We recognize the typical golf outing includes a number of higher handicap golfers, and therefore schedule outings based on a five-hour round. It is important that groups maintain an adequate pace and keep up with the group in front of them.

What happens if I cancel my event?

If the event is canceled by the client, deposits shall be refunded only if the cancellation is made in writing at least four (4) months prior AND only if Mangrove Sands G.C. is able to book a substitute outing for the same date.
